A Dialog of Music

Music is a reflection of the progress and richness in diversity of a culture. Indian Music has flown through the passage of time, evolving from the 3000 year old Vedic scrolls to Dhrupad, Khyal, Kriti and other popular forms of music. In the entire journey, the essence of this Music lies in the emotions that are often expressed more prominently than the words.

IMS proudly presents SAMVAAD - A Dialog between various forms of Indian Music. Samvaad is a unique interplay of musical presentations. Experience a colorful ensemble of natyasangeet, bhajan, film music, instrumental, hindustani and carnatic classical compositions!!!
